

ISubject

```
classDiagram
    class ISubject
    class CoreSession
    CoreSession --|> ISubject
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'ISubject'. Below it is a box labeled 'CoreSession'. A red arrow points from the 'CoreSession' box up to the 'ISubject' box, indicating that 'CoreSession' inherits from 'ISubject'.

CoreSession
